

UNITE

Research about communicating the diagnosis of children with brain damage around the time of birth

Who are we looking for?

- Fathers and mothers of children with brain damage around birth
- Child's age between 1 and 5 years

What do we aim for?

To improve information provision, communication and support for parents surrounding the diagnosis of their child

What does it mean to participate?

- Short questionnaire (5 minutes)
- One-on-one (online) interview about your own experiences and needs
- 25 euro gift card

Interested in participating or more information? E-mail to: onderzoek-kinderrevalidatie@umcutrecht.nl
